*In order to ensure the availability of previously purchased lots in the Mud Creek Baptist Church Cemetery, the Cemetery Trustees request that all unused lots be appropriately marked, and registered with the Trustees. Mud Creek Baptist Church, the Mud Creek Baptist Church Cemetery Trust Fund, and the Mud Creek Baptist Church Cemetery Trustees can not assume responsibility for the protection of particular lots unless they are appropriately marked and registered on the Cemetery Map. All four corners of individual or family plots should be marked with permanent, identifying markers. If you own unused lots in Mud Creek Church Cemetery that are not properly marked, please contact Jane Kitchens or the Cemetery Trustees about registering and marking your lots.
